

# Therapeutic Treatment

For patients with depression and/or bipolar disorder, Houston Behavioral Healthcare Hospital offers therapeutic treatment options for patients who have been unresponsive or resistant to drug therapy.

## **Electroconvulsive Therapy**

Commonly referred to as ECT, it is one of the most effective and safe procedure used to treat depression and other mental health disorders.

Experienced board certified psychiatrists and anesthesiologists, as well as specialty trained ECT nursing staff provide a safe and comfortable environment for the procedure.
